

Moataz Ahmed Shawky

Full Stack .NET Developer

📍 Cairo, Egypt ✉ moatazsoltan@gmail.com ☎ 00201146650211 🌐 [moatazAhmd](#) in [moatazAhmd](#)

Professional Summary

Full Stack .NET Developer and ITI graduate with strong experience in ASP.NET Core, Web API, and SQL Server. Skilled in designing and building RESTful APIs, implementing JWT-based authentication, and applying Clean Architecture principles. Passionate about writing clean, maintainable code and developing scalable backend systems. Continuously improving technical skills and eager to contribute to real-world enterprise solutions.

Internships

Intensive Training Program (ITP) — Full Stack Web Development

Jan 2026 – May 2026

Information Technology Institute (ITI), Minia, Egypt

Smart Restaurant Application — MVC Application

🔗 [MVC Repo](#)

- Built a real-time restaurant ordering system using **.NET 9** and **SignalR**.
- Developed backend APIs with **ASP.NET Core Web API**.
- Designed a responsive UI for order management and tracking.

Education Management System — API Project

🔗 [API Repo](#)

- Developed a multi-role education management API using **ASP.NET Core**.
- Applied **Clean Architecture**, Repository Pattern, and Unit of Work.
- Implemented authentication and authorization using **JWT** and Identity.

Examination Management System — .NET 9, SQL Server, Web API

🔗 [GitHub Repo](#)

- Designed and developed an examination system database using **SQL Server**.
- Built RESTful APIs with **ASP.NET Core Web API**.
- Implemented JWT authentication and role-based authorization.

Freelance Projects

Legal Bridge

🔗 [GitHub Repo](#)

- Developed a legal management system using **MAUI** and **Blazor Hybrid**.
- Implemented PDF generation and financial tracking features.
- Integrated secure authentication using **ASP.NET Core Identity**.

Work Experience

Owner

Plastic Injection Factory, Egypt

2019 – 2020

Business Assistant

Family Business, Egypt

2021 – 2023

Education

Bachelor of Computer Science

Faculty of Computers and Information, Assiut University Majoring in Information System with GBA 3.1

2019 – 2023

Graduation Project (Clinical Management System)

Grade: A+

- Developed a clinic management system to improve communication between doctors and patients.
- Built a responsive frontend using **HTML**, **CSS**, **JavaScript**, and **React.js**.
- Implemented backend services using **Python Django** with **MySQL** database.

Technical Skills

Programming Languages: C#, JavaScript

Backend: ASP.NET Core, ASP.NET MVC, Web API, RESTful APIs, LINQ, ADO.NET

Authentication & Security: JWT, ASP.NET Core Identity

Database: SQL Server, Entity Framework Core

Frontend: HTML5, CSS3, Bootstrap 5, Angular Fundamentals

Architecture & Concepts: Clean Architecture, Repository Pattern, SOLID Principles, Design Patterns

Tools: Git, GitHub, Swagger, Agile, Visual Studio

Languages

Arabic: Native **English:**
